FREELANCE EXPERIENCE

Freelance Web Developer

2025 – 2026

PrimeEdge Creative primeedgecreative.com

Next.js · Tailwind CSS · TypeScript · Vercel

- Designed and built a full multi-page Next.js website for a Lagos-based digital marketing agency.
- Delivered video hero, animated service pages, blog with published articles, careers page, and contact flow.
- Site is live in production serving real client traffic at primeedgecreative.com.

PROFILE

Full stack developer trained at ITSkillsCenter, specialising in TypeScript, React, Next.js, Node.js, MongoDB, and Supabase. I build and ship production-ready web applications and SaaS products — from real-time transport platforms to AI-powered CV builders, fintech escrow solutions, and emergency-first-aid PWAs with Paystack payments and Claude API integration. Open to junior developer roles and freelance web projects.

FEATURED PROJECTS

CVPadi cvpadi.vercel.app | github.com/Eldren-cmd/CVpadi

TypeScript · Next.js 14 · Supabase · PostgreSQL · Claude API · Paystack · Resend

AI-powered CV builder SaaS for Nigerian professionals — live with active users. Conversational build wizard, Claude API enhancement queue, Paystack payment with HMAC webhook verification, PDF/JPG generation with signed delivery, weighted job-matching engine, email sequences, and multi-signal anti-abuse stack.

Naija Transport najiatrtransport.vercel.app | github.com/Eldren-cmd/naija-bus

TypeScript · React · Node.js · MongoDB · Socket.IO · JWT · Mapbox · CI/CD

Full-stack Nigerian transport platform. Geospatial route/stop search, real-time incident map updates via Socket.IO, crowdsourced fare reporting, GPS trip recording, JWT auth with refresh tokens, admin dashboard, and GitHub Actions CI/CD.

VITA – Emergency First Aid PWA vita-sage.vercel.app

TypeScript · Next.js · PWA · Offline-first · Service Workers

Offline-first emergency first aid progressive web app. Features VITAEngine (guided response), TriageEngine (severity scoring), VaultEngine (offline data sync), and ReportEngine (incident logging). Designed to function without internet connectivity.

HRF – House Rent & Roommate Finder hrf-app.vercel.app

TypeScript · React · Claude API

Frontend capstone — rental listing and roommate matching platform with Claude API integration for intelligent property and roommate suggestions tailored to the Nigerian housing market.

Freelance Calculator freelance-calculator-eight.vercel.app

JavaScript · React · Vite · Paystack · Vercel Serverless

Business toolkit for freelancers — rate calculator, invoice builder, PDF export, and Paystack Pro upgrade flow with JWT feature gating and full analytics tracking.

ADDITIONAL PROJECTS

• School Website (HTML · Tailwind CSS · JS) school-website-black-ten.vercel.app

• Construction Website (HTML · CSS)

• E-Commerce Landing Page (Vanilla HTML/CSS)

• Code Quotes Generator (JavaScript)

• Weather App (JavaScript)

• Expense Tracker (JavaScript)

• Quiz App (JavaScript · HTML · CSS)
